PROFESSIONAL PROFILE

Business Administration graduate from Taif University with cooperative training experience at King Faisal Hospital in Taif. Skilled in document management, medical records, data verification, reporting, and administrative coordination, with proficiency in Microsoft Office and Excel. Detail-oriented and adaptable, seeking entry-level opportunities in operations, administration, project coordination, supply chain, and business functions.

PROFESSIONAL EXPERIENCE

King Faisal Hospital | Taif, Saudi Arabia

Cooperative Training Trainee | Administrative & Records Department | July 2026 – August 2026

Key Achievements

- Improved data accuracy by verifying 50+ daily records and identifying discrepancies using Microsoft Excel.
- Enhanced document retrieval by organizing 100+ weekly records according to established procedures.
- Increased record reliability by reviewing 100+ documents before approval and reducing documentation errors.

Core Responsibilities

- Processed and organized official records while maintaining structured and accessible documentation.
- Reviewed medical and administrative records for completeness and supported report handover procedures.
- Coordinated documentation activities across 3+ departments to ensure timely record handling and follow-up.
